HOUSTON TO HAVE THE REGULA-TION MAIL WAGON.

Meeting of the Women's Foreign Missionary Society-Dick Dowling Camp-The Volksfeat Line to Be Completed-Personal Notes.

W. C. Heckman, assistant general superintendent of the United States railway mail service, with office of the scood assistant postmaster general at Washington, sistant postmaster general at Washington, after apending a day in the city has returned to Washington. He had a conference with Captain J. C. Baldwin, who has the contract for carrying the mails between the depot and the postofice. The object of his visit to the city was for the purpose of arranging for the use of the regulation government mall wagon between the depois and the postofice, and as a big smount of mail handled here ronders such a wagon a necessity, no doubt his report to the department will favor that Mes. These wagons are covered and renders the transfer of mails very much safer than the open wagons.
